## **TIME AND ATTENDANCE TRACKING WHERE AND WHEN YOU NEED IT.**

If you need to track your employees' time at various job sites, then the Pyramid **TimeTrax Mobile** is the ideal solution. The **TimeTrax Mobile** unit is perfect for service contractors, construction work site or anywhere you may need to manage payroll on the go. This convenient battery powered unit allows for flexible placement at any location without the need for permanent cable installation or wall mounting. Its internal Ni-Cd battery is good for 7 days of operation, or 4000 punches, before recharging is necessary.

The **TimeTrax Mobile** Time and Attendance system's easy plug-and-play installation allows your company to grow from a single terminal to a multi-terminal system. The included software, designed for Microsoft Windows®, is extremely easy to use. It comes with many features, including variable pay rates and pay periods, along with optional unlimited departments/jobs. An added feature that the **TimeTrax Mobile** brings is a numeric keypad for manually entering employee identification numbers. The keypad also allows for department/job transferring that lets employees (at different pay rates) to move throughout job sites. **TimeTrax Mobile** lets you export to most major payroll systems such as QuickBooks, ADP, PAYCHEX, and many more.
